Scientometrics, Vol. 26. No. 2 (1993) 311-312

Index to Volume 26

No. 1

Invited papers:
H. Small (Philadelphia, PA, USA)
Macro-level Changes in the Structure of Co-citation Clusters: 19983-1989 5

A. Schubert, T. Braun (Budapest, Hungary)
Reference Standards for Citation Based Assessments 21

Selected papers:
M. Bonitz, E. Bruckner, A. Scharnhorst (Dresden and Berlin, Germany)
The Science Strategy Index 37

H.-J. Czerwon, F. Havemann (Berlin, Germany)
Influence of Publication Languages on the Citation Rate of Scientific Articles: A Case Study of East German Journals 51

R.E. De Bruin, H.F. Moed (Leiden, The Netherlands)
Delimitation of Scientific Subfields Using Cognitive Words from Corporate Addresses in Scientific Publications 65

W. Glänzel, A. Schubert (Konstanz, Germany and Budapest, Hungary)
A Characterization of Scientometric Distributions Based on Harmonic Means 81

H. Kretschmer (Hohen Neuendorf, Germany)
Measurement of Social Stratification. A Contribution to the Dispute on the Ortega Hypothesis 97

Th.N. van Leeuwen, R.J.W. Tijssen (Leiden, The Netherlands)
Assessing Multidisciplinary Areas of Science and Technology. A Synthetic Bibliometric Study of Dutch Nuclear Energy Research 115

L. Leydesdorff, S.E. Cozzens (Amsterdam, The Netherlands and Troy, NY, USA)
The Delineation of Specialties in Terms of Journals Using the Dynamic Journal Set of the SCI 135

A Méndez, I. Gómez, M. Bordons (Palma de Mallorca and Madrid, Spain)
Some Indicators for Assessing Research Performance without Citations 157

A.F.J. van Raan, R.J.W. Tijssen (Leiden, The Netherlands)
The Neural Net of Neural Network Research. An Exercise in Bibliometric Mapping 169

Elsevier, Amsterdam – Oxford – New York – Tokyo
Akadémiai Kiadó

INDEX TO VOLUME 26

U. Schmoch (Karlsruhe, Germany)
Tracing the Knowledge Transfer from Science to Technology as Reflected in Patent Indicators 193

P. Vinkler (Budapest, Hungary)
Research Contribution, Authorship and Team Cooperativeness 213

No. 2

J.-P. Courtial, M. Callon, A. Sigogneau (Paris, France)
The Use of Patent Titles for Identifying the Topics of Invention and Forecasting Trends 231

H. Bonheim (Cologne, Germany)
The Reception of Polish Philology Abroad 243

S.S.M. Hussain, D.A. Nunez (Leeds, England)
Otorhinolaryngological Research. An Analysis of Publication Trends 255

L. Liming, L. Lihua (Henan and Beijing, China)
Scientific Publication Activities of 32 Countries. Zipf-Pareto Distribution 263

Gretchen Whitney (Tucson, AZ, USA)
Patterns of Authorship in Major Bibliographic Databases: The European Region 275

J.M.G. Caraça, C. Marciano da Silva (Lisboa and Monte da Caparica, Portugal), *L. Massimo* (Brussels, Belgium)
R & D Indicators and Socio-Economic Cohesion 293

Index to Volume 26 311

No. 3

Cumulative Indexes for Volumes 1-25 (1978-1992) 315
